Second Trimester 2022

P.O. Box 162

Baker City, Oregon 97814

Regular Meetings @ 7:00 P.M., First Tuesday of every month, 2690 Broadway St.

RANGE SAFETY SEMINAR

Effective this year, the only way to get the range gate combination is to pay your dues and take the Club's Range Safety Seminar. So far, 256 members have completed the seminar. To learn more about this new requirement, read your previous newsletter, or visit www.prsportsmen.com/seminar.html.

Most incidents at the range happen after non-members are given the gate combination.

All PRSC Memberships are Individual Memberships. No member is authorized or permitted to provide the gate combination or unsupervised range access to any other person, regardless of relation.

If we all abide by this policy, we can be sure that whenever we encounter other parties at the range, at least one person in each party has taken the seminar and knows how to use the range safely.

Members can always bring guests to the range, but you have to accompany your guests and you are responsible for their safe conduct.

BIG THANKS TO CHRISTINA WITHAM AT OREGON SIGN COMPANY

Christina donated \$830 in time and materials to the Club during our recent purchase of new signage for the range entrance gate, firing berms, and shooting benches.

Big thanks also to Mike Quinn, Ray Berryman, & Victor Savage for designing and installing the new signs.

RANGE PRIORITY AND KNOWING WHEN THE RANGE IS CLOSED

Always check the Club Calendar before planning a trip to the range. Scheduled Calendar Events always have priority over other range uses.

The entire range is closed to other uses during the following Scheduled Match events: USPSA, Cowboy Action, Steel Varmint, 1000-Yard, 3-Gun, Club Championship, Turkey Shoot, and the 1911 US Calvary Match.

During other Scheduled Events on the Pistol Range, the 200-Yard Rifle Range is usually open. And, during other Scheduled Events on the 200-Yard Rifle Range, the Pistol Range is usually open.

PRSC RANGE PRIORITY

Some parts of the Virtue Flat Range cannot be used simultaneously.

Range Priority is the system we use to determine which event or group has priority over other groups when multiple parties use the range at the same time. Range Priority creates a safe range.

Range Priority is established first by the Club Calendar, and then by time of arrival and position.

All Calendar Events at the range have priority over unscheduled uses. The Director for each Calendar Event has full authority over the entire range for the time period specified on the Calendar.

For all other times, earlier arrival has priority over later arrival, and earlier position has priority over later position.

Before firing, always physically check the entire range to determine whether you have priority and whether your intended use is safe.

No person shall travel downrange of any active firing position.

The Direction of Fire on the Rifle Range is observably northeast. See map.

No firing position shall be established at any location west or east of any scheduled or pre-established active position on the Rifle Range.

The Pistol Range includes all facilities located north of the Rifle Range in the area of the 300-Yard Firing Berm. See map.

The Pistol Range can be used at the same time as the 200-Yard Rifle Range, and vice versa.

The Pistol Range CANNOT be used or accessed when a firing position has been established on the Rifle Range at any point west of the 200-Yard Firing Berm.

No firing position can be established on any part of the Rifle Range west of the 200-Yard Firing Berm when any person is on any part of the Pistol Range.

The Direction of Fire on the Pistol Range spans northwest to northeast.

The Direction of Fire in Pistol Bays is from bay-entry to rear berm only.

During scheduled matches only, the Direction of Fire within Pistol Bays may span the Practical Discipline 180° arc.

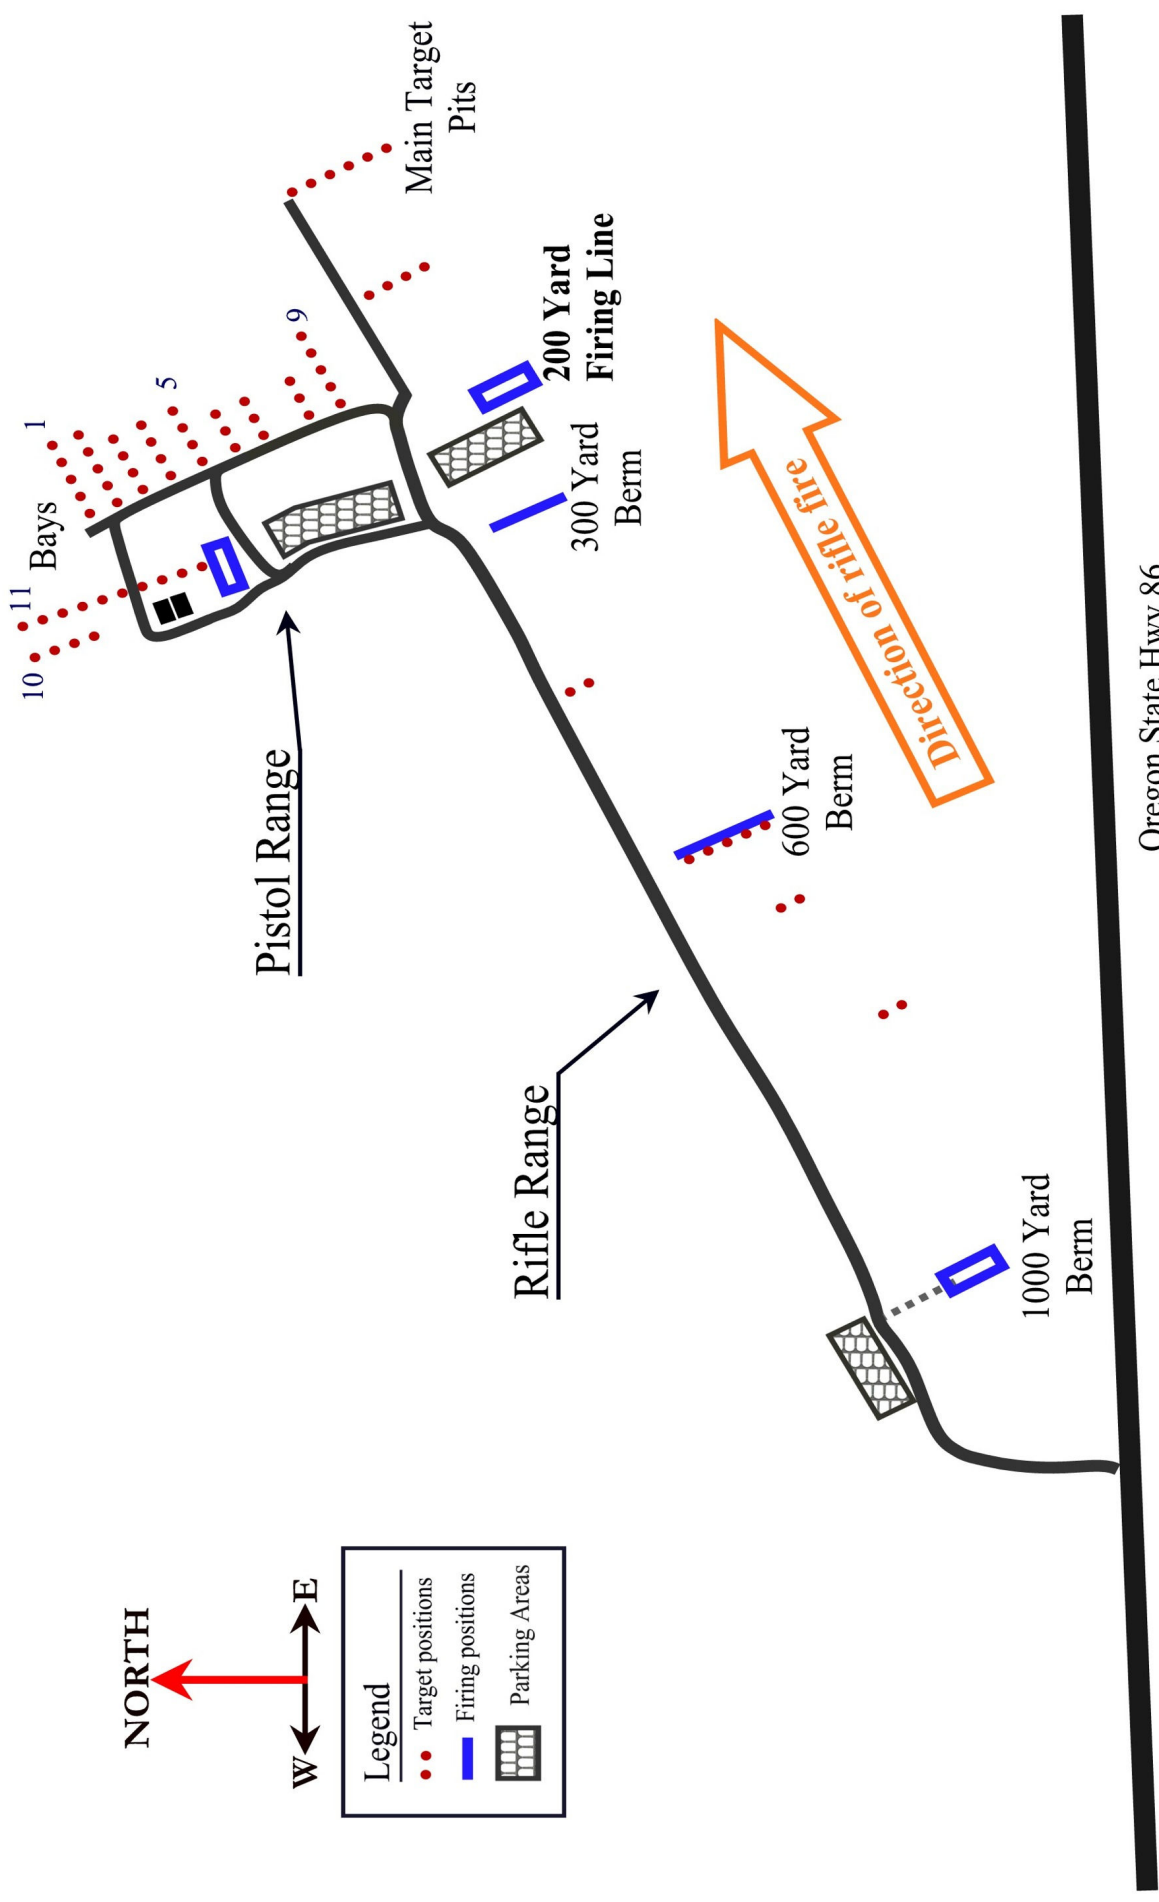

No Matches shall be scheduled simultaneously in Pistol Bays 1-9 and any other range location.

During Scheduled Matches on the 200 Yard Rifle Range, no firing is permitted in Pistol Bays 1-9.

During Scheduled Matches in Pistol Bays 1-9, no firing is permitted anywhere on the Rifle Range and no person shall access Rifle Range locations east of the 200-yard Firing Line.

If you have questions about any PRSC rule or policy, call a Club Officer for clarification.
